

# Fries Community CPR Day

10 June, 2023

## Are you ready?

Citizens of Fries are coming out to join our local health care providers and emergency responders to learn how to perform citizen CPR. We invite you to join us as we prepare our community to make Fries a HeartSafe community!

## Two Locations

10:00 am – Fries Fire/Rescue  
1:00 pm – Fries Town Park

We know that when a bystander begins CPR immediately after someone becomes unresponsive, the chances for survival are dramatically higher than when we wait for emergency responders.

We need YOU to become a link in the chain of survival.

## Come join us!
